JOURNEYING THE GLOBE IS OUR BUSINESS
HELPING THE WORLD . . . IS OUR PASSION

GIVING BACK TO OUR *home community...*

In 2001, The AIS Foundation granted more than \$300,000 to Rhode Island and New England non-profit organizations. A special focus of the fund since its founding has been to foster education in Collette's backyard. Each year, Community Youth and Employee scholarships are awarded to high school seniors to help pay college expenses. Funding for an active after-school program benefits more than 150 local school children.

Collette Vacations is pleased to be able to support such worthwhile organizations as the Pawtucket Junior High School Athletic Program, City Year Rhode Island, the YMCA of Pawtucket, the Boys & Girls Clubs of Rhode Island, Big Sisters of Rhode Island, Meals on Wheels, Ronald McDonald House, and The RI Community Food Bank.

Encouraging COLLETTE EMPLOYEES...

On Friday, the scenery changes at Collette Vacations' world headquarters in Pawtucket, Rhode Island. Inside the beautifully restored mill buildings that anchor the Collette campus, the atmosphere is a little more laid back. In exchange for dress down days, Collette's staffers make contributions, matched by the Alice I. Sullivan Foundation, to numerous local and national charities.

Many of the Collette Vacations family and staff are honored to volunteer their time serving on boards, chairing activities, and providing financial support to countless organizations, including St. Jude Children's Research Hospital and Hasbro Children's Hospital.

"As a travel company, we take great pleasure in introducing you to every corner of the world, and we actively support associations that work to preserve and protect our global environment," says Dan Sullivan, the company's CEO. "We proudly contribute to the Travelers Conservation Foundation, created by the United States Tour Operators Association. The foundation identifies and supports cultural, historical and environmental sites in need of conservation or restoration, so we may all continue to enjoy these very special places."

"We are proud of our long tradition of caring for our family of travelers, employees, and organizations that work to make the world a better place," said Sullivan.
